CITIZENS PAVING THE WAY FOR SMART MOBILITY SERVICES

Co-Cities is a European pilot project aiming to extend and validate existing mobility services to improve current traffic information management in cities and urban areas. The novelty about the Co-Cities services is their **cooperative feature** permitting the end users to report their feedback to the traffic management centres.

# CoCities

WE INVITE YOU TO BECOME A TEST USER FOR OUR CO-CITIES APP, PROVIDING YOU WITH ENHANCED AND REAL TIME TRAVEL AND TRAFFIC INFORMATION FOR YOUR CITY.

Our project will be tested in **6 pilot sites** where you will have the opportunity to support us in improving and optimising urban traffic information services:
