**TERNIENERGIA: Softeco Sismat wins contract for innovative smart mobility system at Vicenza**

- **Signed the contract for the supply of the management and control system for flexible transport managed by SVT Società Vicentina Trasporti**
- **The agreement for a total value of approximately Euro 280 thousand provides for the implementation of an innovative integrated platform for planning rides at the request of users.**

**TerniEnergia**, smart company listed on MTA of Borsa Italiana and part of the Italeaf Group, announces that Softeco Sismat, the digital company of the Group, has signed a contract for the supply of the flexible transport management and control system to SVT Società Vicentina Trasporti.

The award of the contract for an amount of approximately Euro 280 thousand confirms the undisputed leadership of Softeco Sismat in the market segment of smart mobility.

The company part of the TerniEnergia Group will provide its customer with an innovative service, characterized by the fully automated management of ride planning based on user requests, without the need for intervention by the operators of the control centre.

The platform, developed by the Group's smart mobility line of business team, makes available a new system for the automatic processing of requests that can be submitted by customers via APP for smartphones, web portal, SMS and via "light" interactive kiosks located at the main stops. As with traditional DRT services, a call centre will also be available for telephone bookings.

The service will be activated in five different areas of the town of Vicenza and will provide the basis for any subsequent expansion and implementation of new features.

*This press release is also available on the Company's website: [www.ternienergia.com](http://www.ternienergia.com).*

**TERNIENERGIA (TER. MI)**, established in September 2005 and part of the Italeaf Group, is the first Italian global technological enabler, committed to bringing energy solutions and efficient recovery of integrated and sustainable resources to the world. Organized into two strategic business lines (Assets and Smart solutions and services), with about 400 employees and a geographical presence worldwide, with operative and commercial offices, TerniEnergia develops innovative solutions, products and services based on digital and industrial technologies for the energy supply chain, grids, smart mobility, industrial automation and the recovery of marginal resources.

## **PRESS RELEASE** **Terni, May 15, 2018**

---

TerniEnergia, also through its subsidiaries (Softeco Sismat, Selesoft Consulting, Greenled Industry, GreenAsm, GreenAsm, Purify, Wisave, Ant Energy), pursues the objectives of increasing energy production from renewable sources, saving energy and reducing emissions and actively participates in the energy revolution of distributed power generation and smart grids, with innovative digital solutions.

TerniEnergia is the ideal partner for large utilities, distribution operators and network operators, energy producers, public administrations, industrial customers and investors who intend to realize large projects for the production of renewable energy, modern systems and plants with high energy efficiency, solutions for the management and maintenance of infrastructure and electrical installations.

TerniEnergia has completed its transformation from a leader in the international photovoltaic market into a smart energy company and technological enabler for the sustainable use of resources through a complete commercial offer of solutions, the development and supply of digital technologies and the creation of "intelligent" services and solutions aimed at public and private customers in emerging sectors.

TerniEnergia is listed on the STAR segment of Borsa Italiana.
